CENTENNIAL 1865-1965

EXECUTIVE VICE PRESIDENT

February 11, 1965

MEMORANDUM

TO: All Area Academic Personnel Committee Members

FROM: A. D. Albright

After reviewing academic personnel procedures, President Oswald would be grateful if your groups would favorably consider the following: In cases where there is any dissenting vote in a committee's recommendation to deny promotion, tenure, or appointment to a tenured position without referral to an ad hoc committee, we urge that the matter then be sent to an ad hoc group.

Expressed another way, only a unanimous opinion should prevail in the committee to permit a recommendation of denial to be sent to the President's office without use of an ad hoc committee. We believe that such a precaution will greatly strengthen your advice in personnel decisions.

If there are recent recommendations made by your committee without ad hoc advice in such cases and which you would like to reconsider, please recommend appropriate ad hoc committees for those cases.
