

d. Directors of Multidisciplinary Research Centers and Institutes

The director of a multidisciplinary research center or institute shall be appointed for a term of six years. A director may be reappointed, however, when an ad hoc committee appointed to review and evaluate the center or institute (AR II-1.0-6) finds that the particular circumstances and needs of the center or institute make such a reappointment desirable.

B. Academic Appointments, Reappointments, Promotions, and Granting of Tenure

All appointments and promotions of faculty to positions which involve (1) an actual or equivalent academic rank of associate professor or professor, (2) tenure, or (3) an initial salary above \$60,000 shall be made by the Board of Trustees, acting upon recommendation of the President. Appointments and promotions of faculty to positions which involve an actual or equivalent academic rank below associate professor and an initial salary not exceeding \$60,000 may be finally approved by the President who shall report such actions (except those relating to graduate teaching and research assistants) to the Board of Trustees. The President may delegate the power to make appointments and promotions that do not require approval by the Board. The President, following consultation with the Senate Council shall establish such review systems as are appropriate to assist the President, or other appropriate administrative officers designated by the President, in making informed judgments concerning academic appointments, promotions, and granting of tenure.
